

Long Island SeniorNet Learning Center Judged Best In The World

SeniorNet volunteers in Huntington and Yaphank did it again. Because of their fine efforts SeniorNet at FSL, L.I. was judged best computer learning center in the world and will be awarded the 1st place 2010 Chairman's Award plaque during SeniorNet's 25th Anniversary Celebration on May 19, 2011 in Washington, D.C. at the U.S. Capitol.

The judges agreed that in addition to providing quality computer education to seniors, they excelled in:

- Promoting the SeniorNet Brand and Advertising Classes
- Increasing Volunteer Staff
- Increased Membership
- Succession Planning and Implementation
- Implementing and Sharing Best Practices

To honor this major achievement, on March 1, 2011, 17th District Suffolk County Legislature Lou D'Amaro presented SeniorNet with a proclamation.
